SCHOOL CLUB PPROJECT

Vision

To empower and develop teenagers and young adults to become productive and relevant citizens while promoting sexual integrity

Mission

To set up youth clubs in all the states in Nigeria working through various partnerships.

Value

Integrity, Hard work, Volunteerism, Patriotism

About the School Project

The Educator School project is an outreach program to reach out to in-school and out of school teenagers and young adults in Nigeria to empower and develop them to become productive and relevant citizens

Through the Public School Project, The Educator reaches out to youths in Public Schools through the effort of trained volunteers to fulfil her vision of empowering and developing teenagers and adults in becoming productive and relevant citizens while prompting sexual integrity.

Volunteers are trained to implement The Educator's tested curriculum covering areas in leadership, academic success, personal self development, volunteerism, community engagement, emotional and social development.

The Educator's impact: January 2017 to December 2017

- 10 mentors were attached to six public schools in Lagos
- Approximately 266 public school students were reached weekly by The Educator's mentors
- Mentors spent 210 hours with public school students in the year
- 33 students peer mentors were trained by The Educator

REPORT ON ONE WEEK INTENSIVE TRAINING FOR STUDENTS PEER MENTORS

REPORT ON ONE WEEK INTENSIVE TRAINING FOR STUDENTS PEER MENTORS

The Educator organized a week long intensive Peer Mentors training for 33 students in Educational District IV in July and December 2017. The students were invited from six different schools; Government College, Iponri Estate School, Eric Moore School, Surulere Senior Secondary School, Surulere Girls Senior Secondary School and Surulere Girls Junior Secondary School. The students were quite engaged during the training. At the end of the training the students were presented with bags containing school items, and food items for their families. These are some of the comments made by the students.

Testimonies:

- “This training has really impacted me in many ways like knowing how to respond to every opinion, how to interact with friends and new people. How to manage my time and set goals.” *Shonubi Idowu, Iponri Estate Senior secondary school*
- “This training has impacted me in many ways especially in the area of consequences of teen sex, understanding self and others. And also in humility.” *Isaac Chimak Pam David, Surulere senior secondary school*
- “The training has really impacted in me so much in the sense that my behaviour towards my parents has really changed and the way I behave and relate with other people.” *Omaka-Blessing, Surulere senior secondary school. SS2*
- “Well, I use to think that I really understood myself but when I came for the training, I discovered some hidden part of me like respect, love and how to study.” *Ezeh Chuminu Ebuka, Government senior college. SS2*
- “The training was a great thing that I ever had in my life. It was the first that I had the boldness to stand up in front of everyone and answer question. I promise not to be shy again.” *Abdusalam Mistura*

REPORT OF EDUCATIONAL DISTRICT IV WORKSHOP

- The Educator organized a workshop for 28 staff of the Educational District IV in April 2017. The Educator drew from its seasoned school mentors/facilitators to facilitate the training in the persons of Mrs. Ore Odunsi, Mrs. Bose Fawehinmi and Mrs. Rose Ozi-Akande.
- The participants were trained on various topics like Time Management, Active Listening, Goal setting and Motivation, Career counseling with Career test/ Assessment, and topics from Character Based Relationship and Sexual Integrity Education. The participants were very excited at the training, and requested for another training.
- One participant commented that she wished she had known this information earlier for the benefit of her children.

REPORT OF THE EDUCATIONAL DISTRICT IV INVITATION TO EKO@ 50 EVENT

- The Educator was invited to give a speech as part of the celebration of the EKO @ 50 event held at the Teslim Balogun Stadium in April 2017. This invite came because the Educational District IV was quite impressed with the success of the work of The Educator over the years with young people.
- Mrs. Ore Odunsi represented The Educator and gave a speech at the event. one of our project beneficiaries, David Babatunde, was also there to share about his journey with The Educator. He shared on how he met The Educator and how his life was transformed from a clueless teenager to being a graduate of Microbiology from the Federal University of Benin.

Happy Golden Jubilee

His Excellency Akinwunmi Ambode
Executive Governor, Lagos State

A baby was born some years ago
State creation bore her and was named Lagos
Eko Akete, the State is
Sheltered under the umbrella of Niger Area
Isale Eko, the origin of Lagos.

Where fresh and salt waters flow
Each into the other with the tide
And rain and mangrove forests grow
As neighbours shaking hands
In winds high and low

There truly lies the Eko Akete
Oh! Yes, in Lagos we have
We have oceans interweaving their way
Through swamps as nets cast far into it
The seas, not running dry for a day.

Eyin Igbeti, the soul of the soil
Not disappointing us in any way
God's creation and making it is
There is no other than Lagos
Fully tapping at the benevolence of nature.

A golden jubilee deserves a fiesta of Jubilation
Because looking back memory lane
We see that God has been awesome
Where do we find cerebral words
To Serenade a State at Fifty.

In half a century, we have grown
We have grown from toddlers to adults
With the various heads impacting lives
Good legacies of our predecessors
These are heroes in their various paradises.

God's own Eko Akete
With a total of 3,577 Square Kilometers
787 Square Kilometers of lagoons and creeks
All strategically located
Strategically located by nature.

The 14th Governor of the State in Action
Governor Akinwunmi Ambode
Our Compassionate Governor
Your good works are not going unnoticed
As you put the serenity of the state on your
centre mind.

A Almighty God has blessed you carefully
K Keeping you for the race
I Insurance of hope you gave
N Now that you are placed
W Well done on the job
U Ultimately making all smile
N Never putting tears on the face
M Making the earth smile at you
I Injustice you kick against.

A As an Actualizer
M Managing all Affairs
B Beautiful dreams of the State you help keep
O On the move you always are
D Developmental Projects you uphold
E Educationist of Great Value you are.

You are the light bearer
And we are the light seekers
Your radiant thoughts always flourish and fall
As showers of blessing on us all
Tides of love created by you

Immerse all and make our lives anew
Man is mortal but your deeds are not
Your dreams epitomise greatness
A visionary leader on the moving train
As we say congratulations on this occasion.

This is Lagos
The place where only the intelligent can live
Every genius lives in Lagos
The place where home is home
Eko Akete.

Our Lagos, the Centre of Excellence
The Lagos of five growing zones
IBILE we call it,
Ikotodu, Badagry, Ikeja, Lagos Island and Epe.
With Epe the greatest masquerade parading last.

This is Lagos
The reservoir of money
A place you get an automatic ticket to wealth
If your mission is to work hard
And stay by its Excellence.

Lagos, the domain of Akete
Home of Wisdom
The city that is elastic to the extreme
The city that balances on water
He who stays in Lagos and is not wise
Can never be wise even if he travels abroad
If the marshy terrains were not disgraced
Lagos cannot be ashamed.
Bi Oju ko ba ti Eyin Igbeti
Oju ko le ti Eko.

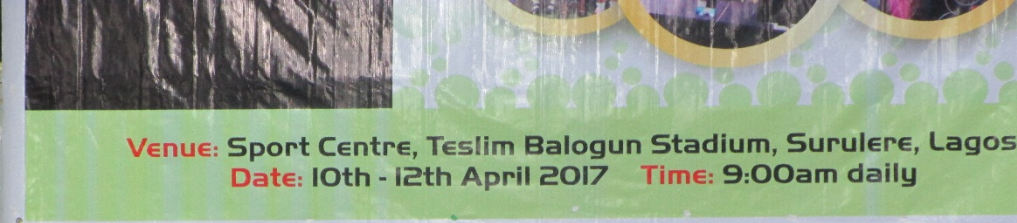

District IV we call,
Always we tap at your benevolence
We tap at your benevolence of creativity
As we come together to celebrate Lagos at 50.
