- Partnering with The Educator Africa/USA

Overview of the Mission Trip

The 2019 Mission Trip to Nigeria hosted by The Educator Africa /USA was a fulfillment of a long term vision of The

Founder and The Executive Director of The Educator, Dr. Eniabitobi Kuyinu.

The component of the mission Trip were:

2 Days Clergy Care Workshop in Abuja

3 Days Holistic Health Conference in Lagos

5 Days Healing Trauma Retreat in Jos for Widows and Youths who lost loved ones due to militant insurgencies in Northern Nigeria

Chiropractic Outreaches in Makoko and RCCG COD

3 Days Healthy Family Development Facilitator's Training in Lagos

Training team members were composed of both International and Nigerian professionals, in addition to amazing volunteers in Abuja, Lagos, and Jos. The mission trip activities spanned the months of July and August..

Partners:

The mission trip was made possible through the partnerships of Conscience International, USA, Sir. Emeka Offor

Foundation, Abuja, RCCG Region 10, Abuja, ProHealth International, Jos, RCCG City of David, Lagos, and various individual partners.

Clergy Wellness Booth Camp

The Clergy care workshop in Abuja HELD FROM THE 11TH TO 12TH JULY 2019 AT THE RCCG GOD OF WONDERS, OJUMADU NWAENZE HOUSE, UTAKO. HOSTED BY RCCG REGION 10, ABUJA under the Leadership of Pst. E A Odeyemi. The focus of the booth camp was on providing experiential wellness training to Pastors and Missionaries who spend most of their lives acting as caregivers, and more often forget their own needs for rest, healing, and renewal. The lack of care can lead to a state of dis-ease which can sometimes manifest as physical diseases. The wellness booth camp incorporated Stress Profile Analysis, Personality Assessment, Psychoeducational Sessions, and Practical Intervention Sessions using different interventions like Therapeutic Breathing, Mindfulness, and Chiropractic Adjustments. Facilitators for this workshop were: Dr. Eniabitobi Kuyinu (The Educator, Africa/USA), Dr. Joe Esposito (Health Missions & Align Life), Joshua Pomeroy (Health Missions), Dr. Paul Odumu (Deputy Director (Medical) Nigerian Ministry of Defence), and Bunmi Olukoga (The Educator Training Director). Opening address was delivered by The Aso Rock Chaplain, Pst. Seyi Malomo who congratulated the participants for the opportunity to be beneficiaries of such a laudable program coming at a crucial time. There were over 70 Pastors in attendance to include the Clergies from Aso Rock Chapel. Pastor E.A Odeyemi, AGO Education & Training for RCCG and Regional Pastor, Northern Region, gave the opening charge during the conference, and encouraged the Pastors to receive the information for their use, and equally pass it on to their colleagues and congregation. Joshua Pomeroy of Health Missions shared his journey of healing from being wheelchair bound for 2 years to becoming an advocate of Chiropractic care after a few chiropractic adjustments and magnesium supplementation (see story at the back page).

The Training Topics covered with the names of the presenters:

- Historical Review of God's General/ Identifying Burnout - **Dr. Eniabitobi Kuyinu**
- How To be Your Own Doctor /Keeping Your Liver Health - **Dr. Joe Esposito**
- **Health Matters:**
Cardiovascular/Diabetes/Cancer - **Dr. Paul Odumu**
- Building Emotional Intelligence Through Self-Awareness - **Dr. Eniabitobi Kuyinu**
- What Chiropractic Can Do For Me/Demonstrations - **Dr. Joe Esposito**
- Breathe of Life - **Dr. Eniabitobi Kuyinu**
- Leading With Humility at Home, Church & at Work -**Pst. E. A Odeyemi**
- Maintaining a Healthy Weight - **Dr. Joe Esposito**
- Food For Life / The Dietary Lifestyle of a Minister -**Dr. Paul Odumu**
- Play/Laughter/Sense of Smell -**Dr. Eniabitobi Kuyinu**

Comments from Participants:

"That this should be done often and also translate to grassroots people."

"This training should be extended to larger part of the church, all ministers, workers and members must go through."

"As I obey spiritual laws, I must also obey physical laws of health, because this vessel must be taken care of. My body has a voice, so I must learn to listen, and that I am wired for movement."

"The conference is a great blessing as it has impacted my own life and led me to make some important decision about my health."

Trauma Healing Retreat

James 1: 27

“Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress, and to keep oneself from being polluted by the world. (NIV).”

The goal of The Trauma Healing Retreat was to help the wounded and the broken begin the journey towards healing and restoration. The retreat HELD FROM MONDAY 22nd TO FRIDAY 26TH OF JULY 2019 AT THE CARTER COLON CENTRE IN JOS. Participants for the Trauma Healing Retreat were 10 widows, and 35 Adolescents between the ages of 12 - 18 who had suffered the loss of loved ones during the militancy insurgencies in Northern Nigeria. Program facilitators were Dr. Paula Rhodes (Life University Atlanta), Paulett Lawrence (Life Empowerment Services, Atlanta)), Bunmi Olukoga (Training Director, The Educator Africa). Dara Olabode (Program Coordinator/Camp commandant, The Educator Africa), and Mrs. Akpede (Widows Program Assistant). Program Highlights & Daily Routine were: Early morning prayer walks, breakfast devotionals, teaching sessions using the Healing Children’s Wounds of Trauma and Accelerated Success Achievement Program (ASAP) for the Adolescents, and Healing the Wounds of Trauma for the widows. Other events were experiential therapy (play, art, music & dance, mindfulness/breathing exercises, prayer/worship, chiropractic adjustment, health checks, aromatherapy, pain externalization. and group processing sessions. The various activities helped the participants to process their pain and trauma in their journey towards healing.

Comments from Participants:

“I have learnt so many things from the lessons but the most important thing I learnt was, to open up all my problems to people that can help me, so that I can get help/solution to it.”

“I feel like not leaving the program because it was nice being here. I feel happy and peace in my heart.”

“The thing I like doing before this retreat is keeping my problems to myself but now I learnt that I should open up no matter what. Truly and sincerely, I feel joyful, hopeful and that no matter what has happened, now with Christ, I have a new beginning.”

Some of the topics covered during the retreat:

- Why do bad things happen?
- If God loves us, why do we suffer?
- Saying how we feel
- Feeling lonely
- Dealing with loss and grief
- How can the wounds of our hearts be healed?
- What happens when someone is grieving?
- Suicide © Bad touch / Sexual abuse
- Forgiveness
- Rebuilding lives
- Personal development skills
- Planning for the future
- Deeper walk with Christ
- Goal setting
- Preparing for trouble
- Stress management strategies.

JULY 2019

Holistic Health Conference

The Holistic Health Conference was an inspiration nurtured over the years to see people live holistic lifestyles. True wellness is not just an absence of disease, but wholeness mentally, physically, spiritually and socially. The goal of the conference was to show case the interplay between these various areas of health and wellness

The conference had three tracks:

- Physical Health and Prevention of Chronic Diseases Track
- Family Health and Wellness Track
- Mental Health Track

A healthy state of mind is medicine to the body, this was said by a very wise man long ago. Laughter is medicine to the bones and a broken spirit is rottenness to the body. What goes on in our minds defines who we are and what we do. Our actions are determined by our state of mind. To change behavior is to change the mind. Understanding how the mind works and how it can be reprogrammed and refocused for effective living is worth learning.

The family is the smallest unit of the society and can be a mirror into the larger society. Building healthy and productive individuals within the family context is very important to the health of the society at large. Wealth is not determined by the Country's GDP but truly by the health and wellbeing of the people. Overall true wealth comes from a life of purpose in relationship with God and others.

The Holistic Health Conference took place at The MUSON CENTRE AGIP HALL for 3 days, from July 16th- 18th 2019.

This conference was very peculiar in so many ways;

- The cross section of International & Local facilitators
- The natural health component through the knowledge of our body & natural pharmacy
- The introduction of the chiropractic practice and health benefits of Aromatherapy
- The strong emphasis on mental health and Family Wellness

Holistic Health Conference

The topics covered for each track were engaging and transformational.

Mental Health

- Neurodevelopmental Challenges: Management Strategies & Nutritional Interventions: Drs. Paula Rhodes & Eniabitobi Kuyinu
- Post-Traumatic Stress Disorder (PTSD), Depression & Suicide: Paulett Lawrence
- How to be a Mental Health Advocate: Dr. Eniabitobi Kuyinu, & Paulett Lawrence
- Developing Basic Helping skills. Paulett Lawrence
- "Brain on Fire". Trauma, Stress & the Brain: Dr. Paula Rhodes
- Silent Neurodevelopmental challenges (ADHD, Dyslexia, & Anxiety) from Childhood to Adulthood: What is wrong with the Brain? Drs. Eniabitobi Kuyinu & Paula Rhodes
- Assessing for Neurodevelopmental challenges Primitive Reflexes, Cognitive Functioning, Vestibular System: Drs. Paula Rhodes & Eniabitobi Kuyinu
- Laugh and Play Your Way to Health: Paulett Lawrence

Family Health

- Healthy vs. Toxic Relationships: Know the Signs: Ayo Daniels
- Porn-Trap: The Hijacked Brain: Ayo Daniels & Paulett Lawrence
- Brain Wiring and Re-Wiring Through Emotional Intelligent Parenting: Dr. Eniabitobi Kuyinu
- Sound Marital House Model: Dr. Eniabitobi Kuyinu
- Gateway to Intimacy: Sexual Satisfaction Vs Sexual Dysfunction: Dr. Eniabitobi Kuyinu
- How Well Do You Manage Conflict, Avoid, Attack, Pacify or Negotiate - Ayo Daniels
- Olfactory Pathway to Healing (Aromatherapy): Drs. Paula Rhodes & Eniabitobi Kuyinu
- Partners in Progress; Self Awareness & Emotional Intelligence: Dr. Eniabitobi Kuyinu

Physical Health

- What Can Chiropractic Do For Me?: Dr. Joe Esposito
- Our Natural Pharmacy: Taking Advantage of our Ecosystem: Dr. Bunmi Omoindemi
- Cancer Epidemiology & Case Studies on Integrative Management: Dr. Paula Rhodes
- Case Studies Reports On Integrative Management of Cancer: Dr. Sam Asomogba
- Case Studies: Interplay Between Orthodox Medicine, Herbal Remedies & Nutrition in Healthcare: Dr. Olunmi Omoindemi
- Natural Management of Weight Loss: Dr. Joe Esposito
- Clean Out the Liver the Power of Detoxification, Functional Assessment & Natural Methods of Detoxification: Dr. Joe Esposito
- Heavy Burden: Hormonal Control & Weight Management: Dr. Joe Esposito

Holistic Health Conference

Plenary...

Leading with Humility as a Father, Husband, Clergy, Boss & Government Official: Mr. Tonye Cole

What We Know About Cancer: Dr. Paula Rhodes

10 Final year students from Lagos University Teaching Hospital were offered scholarships to attend the conference. The participating students were very excited and grateful for attending the conference. They suggested the information should be incorporated into their training curriculum.

Joshua Pomeroy story and Chiropractic session with over 100 final year Medical student of Lagos University Teaching Hospital. The 10 final year student who were offered Scholarships were selected from this group. "Joshua Pomeroy (Executive Director-Health Mission), Bunmi Olukoga (Training Director-The Educator), Dr. Alero Robert (Lagos University Teaching Hospital), Dr. Omobunmi Omoseyindemi (Herbal Medicine Practitioner)"

Holistic Health Conference

Other Activities during the Conference...

Chiropractic Adjustments

Drs. Joe Esposito and Paula Rhodes provided daily sessions of chiropractic adjustments to participants

Medical Test - Body Mass Assessment

Participants had free medical examination using the INBODY machine. With free one on one interpretive feedback session with Dr. Joe Esposito INBODY Body Composition Analysis measures Muscle Mass, Body Fat, Obesity Analysis, Water Distribution, Body Weight, Visceral Fat, and Basal Metabolic Rate.

Holistic Health Conference

Comments from Participants:

"I want to participate in a program like this again because I have been impacted. I will suggest that more medical students should be gathered for seminars, and be educated about this practice."

"These lectures I feel are the best for family well-being."

"For this type of lectures and knowledge to be integrated into medical curriculum in medical schools and post gradual training for Doctors in Nigeria."

"I suggest that Dr. Kuyinu be appointed the Minister of Family Affairs in Nigeria to rediscover and restore the lost Nigerian families."

"I want to participate in a program like this again because I have been impacted into. I that the program is practicable and interactive"

"There is a better approach to treatment which is non-invasive, less finance burden"

Free Chiropractic Care

The team in partnership with Hope Center Makoko provided free Chiropractic care for children, men and women in Makoko community in Lagos. The Team also provided care for members of RCCG City of David at the Healing Stripe Clinic.

JULY 2019

Healthy Family Development (HFD) Facilitator's Level 1

Healthy Family Development (HFD) Facilitator's Level 1 Training focused on developing Facilitators to build healthy families and homes. This was the first set to be trained as HFD Facilitators. The training focused on equipping trainees: to teach marriage strengthening skills to diverse groups; provide detailed feedback for the Marriage Checkup and Marriage Readiness Checkup Program; help couples identify their strength and growth areas, explore personality differences and similarities, strengthen communication and resolve conflict; learn to help singles assess readiness for marriage, explore their personality/values, communication skills, and how family background have shaped their relationship style; and use different assessment tools in working with individuals and couples.

Topics covered

- Premarital & Marital Education Assessments / Taking Assessments
- HFD Facilitator's Skills
- Family of Origin / Attachment
- Emotional Intelligence
- Marriage Readiness Checkup Feedback Video / Discussion
- Marriage Checkup Feedback Video / Discussion
- Sound Marital House Model
- Healthy vs. Unhealthy Relationships for Singles
- Stress Management and Conflict Resolution for Married Couples
- Total Health / Aromatherapy

Comments from Participants:

"I liked the practical approach to the teaching. It helped to drive home the critical elements of the course and learned that couples do not always have to agree on everything in order for them to be happy."

"I feel well informed and equipped for the work ahead and I liked the real life illustrations and feedback used during the training."

"I feel fulfilled and more equipped and I learned there is so much to be done in the body of Christ, and we need to be equipped to be effective."

Joshua Pomeroy: Holistic Care Success Story

He was medically retired from the military due to having a suspected rare reaction to cancer. However, the reality of his medical situation painted a substantially different picture. A little over 6 years ago, Joshua fell, hitting his face on a light machine gun on a road during a training mission. He was rushed to the hospital for a suspected cervical spine injury; however, his CT scan was clear. A couple of weeks later, he could not feel his right thumb, index and middle fingers. He had an MRI, but again it showed nothing. Joshua went without symptoms for a year and a half when he started getting dizzy spells. It was at this point he entered a long 4 ½ year journey of seeing 29 doctors (primarily top neurologists) at 11 hospitals, including Johns Hopkins, Mayo Clinic, University of Chicago, Northwestern Memorial and Columbia University Medical Center. He received treatments of solu-medrol, intravenous immunoglobulin, and blood plasma exchanges. Joshua's health deteriorated to the point where he was in an electric wheelchair, had 8-10 seizures a day, had his diaphragm seize up, had his legs randomly stop responding and required a caretaker.

He was getting ready to start his career as an officer in the Army and now he was unable to effectively take care of himself. In those 4 ½ years, no one ever referred him to a Chiropractor or for a full nutrient assessment. On May 10th of 2018, Joshua met Dr. Joseph Esposito and Dr. Cristina Esposito, the founders of Health Missions at a restaurant. From his table he had heard their conversation on transforming the healthcare system. He went over to meet them and asked if they could help him knowing he was running out of time and may not live beyond the year. Dr. Joe agreed to work with him and shortly thereafter, took Joshua under his care. After a thorough investigation, it was discovered that Joshua had a severe magnesium deficiency created by only supplementing him with calcium during his plasma exchanges. It was also discovered that he had a severe vertebral subluxation (misalignment of the spine compressing nerves or in this case his brain stem). Within 2 weeks of Chiropractic adjustment and magnesium supplementation, he was out of the wheel chair and swimming. After witnessing what chiropractic, functional health, and natural health care provides a patient, he has committed himself to building awareness on the efficacy of what each of these services has to provide. Joshua is a West Point graduate with a Master's degree in Business Law from Washington University in St. Louis, and about to start a PhD in Public Health. He is currently the Executive Director of Health Missions.

FINAL WORDS

The mission trip to Nigeria 2019 was indeed a mission accomplished, starting with the Clergy Care workshop, to the Holistic Health Conference, and the HFD Level 1 training to the outreach to Widows and Children who have lost one or two parents from the militant insurgencies in the Northern part of Nigeria which was a true joy. I was truly fulfilled reading the various evaluations and I kept on hearing "we want more."

Holistic is not a buzz word but the reality of what our lives should encompass. We are not just body, mind, spirit or social beings, we are an integration of all of these, and true wellness comes when we give attention to every aspect of our lives. During the various events we were consistently inundated with requests to help with families. This theme and requests ran through the various conferences and workshops. A

I believe my best moments were in Jos, working with the widows and youths who have lost both or one parent. The joy of release during the last night of dance and worship was out of this world. Without the participants needing to tell me, I knew healing had taken place. What glorious moments. I look forward to The Educator Mission 2020, which hopefully will extend beyond the shores of Nigeria. I invite you to participate and support this amazing revolution!

How you can support The Educator Africa/USA

- Host/Sponsor a Conference in your State/Country/Church (Nigeria/USA)
- Support The Educator's work with Youths through the Youth Club Project in Public Schools (Nigeria)
 - Give Towards The Educator Widows and Orphans Fund (Nigeria)
- Give Towards The Educator Clergy and Missionary Care Project (Counseling and Training) (Nigeria/USA)
- Be a partner for The Educator counseling and work readiness program for at risk women (USA)
 - Partner with our Women and Children's project to promote healthy births and reduce neurodevelopmental disorders in children. (Nigeria)

To give a donation go to www.theeducatorng.org and click on the donate button. Email us at info@theeducatorng.org to learn more about our programs and events. To specifically support the

African project you can make your donation directly to The Educator's Account.

We would like to appreciate all our sponsors and partners and we truly appreciate your commitment to supporting us.

Brief Profiles of Mission Team Members...

Paulett has a Master's degree in Clinical Medical Health Counseling with a specialization in Trauma from Richmond Graduate University Atlanta. She has a Bachelor of Science degree in Human Relations from Point University. As an authorized facilitator for Stewards of Children, she educates groups, parents, Students and the general public in prevention and awareness of child sexual abuse.

"Paulett Lawrence"

She also received the distinguished best Ph.D. student award from Mercer University for her exemplary contribution to the fight against human sex trafficking in Atlanta, and her excellent academic performance. She is the Executive Director of The Educator.

"Dr. Kuyinu Eniabitobi"

Comments from Mission Team Members...

The Educator mission trip 2019 was directed at building participants towards achieving selfcare that promotes wellness & wholesome living. All the programs were deep reservoirs of information & knowledge that was in-exhaustive. Our participant covered large spectrum of ages, gender, social strata, tribes. (see breakdown below). All the 4 training programs were rated by the participants as highly impactful & tremendously beneficial. The common consensus was that the value gained was far highly than amount paid. Our robust international facilitators were amazing. They leverage for the program based on their versatile experience in their area of specialty.

"Mr. Bunmi Olukoga"

Training Director–The Educator

Participant has been such in a hunger for getting Information, each participant were just sucking everything in, it was almost like they are pulling one for more information. For me it was really an awesome conference, even though we were only giving information on health, it was more than just the information. It was almost like building relationship, or rather it is building relationship.

"Paulett Lawrence"

Nigerians are so embracing this technics that has been preached during this conference. I like to see the momentum in movement of providing Chiropractic's care and some of the nutrient service that we have. I think with Dr. Eniabitobi vision and mission of Holistic Health it will drive to help Nigeria peoples to keep moving. I think Nigeria as a nation are culturally about self healing than United State was and United State made a transition 10years ago. A shift now is more people seeing Chiropractic than Medical Doctor in United State. What I expect to see in Nigeria is learning how to heal yourself using your Chiropractic and natural herbs than using medicine which has side effect and can cause additional problem to health.

"Dr. Joseph Esposito"

It is my pleasure to present Neurodevelopmental and other health topics with such a wonderful group of other health care providers! All were very committed to empowering people to take control of their health in tangible achievable ways, each of us with our own health specialty. The audience was very receptive and eager to hear the information we brought, asking great questions, and seemed very pleased with the entire conference, and overall it was a great week sharing. I feel blessed to have been invited to participate. My experience in Nigeria was really wonderful, and I look forward to the next one!

"Dr. Paula Rhodes"

"Dr. Kuyinu Eniabitobi "

Founder-The Educator
